

MD SAIFUL ISLAM

Full Stack Developer

Rajbari, Bangladesh | +8801742004508 | isaiful.islam508@gmail.com

[LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY :

Full Stack Developer with 2+ years of experience building scalable web applications using JavaScript, React.js, Next.js, and Node.js. Focused on clean code, performance, and efficient development using AI-assisted tools (Claude Code, Cursor, Codex). Experienced in API integration, state management, and building responsive, user-centric interfaces.

TECHNICAL SKILLS :

Frontend: React.js, Next.js, TypeScript, JavaScript, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, MongoDB, Mongoose, JWT

Tools & Platforms: Git, Vercel, Netlify, VS Code, Figma

AI Tools: Claude Code, Cursor, Codex, Antigravity etc.

Other: REST APIs, Responsive Design, WordPress (Gutenberg)

PROFESSIONAL EXPERIENCE :

Frontend Developer

Kodezen Ltd | Jul 2024 – July 2026

- Built and optimized [Zencommunity's](#) support ticket system frontend independently, integrating large-scale REST APIs, improving workflows, and reducing operational costs by about \$300/year while resolving issues across groups, settings, chat and API integrations.
- Developed and enhanced features for the [StoreEngine](#) WordPress eCommerce plugin, including membership and affiliate add-ons, order bump, and installment functionality, collaborating closely with backend developers for API integrations and bug fixes
- Build 5+ custom Gutenberg blocks and resolved 20+ block issues, enhancing [ABlocks](#) plugin performance, accessibility, SEO, best practices, and overall user experience.

PROJECTS :

[Nestly](#) – Rental Housing Platform

[Client Side](#) | [Server Side](#)

- Engineered a full-stack rental platform with role-based dashboards for admins, landlords, and tenants.
- Implemented secure authentication and authorization using JWT for protected user access.
- Integrated Stripe payment system for seamless and secure rent transactions
- Integrated Stripe payment gateway to enable seamless and secure rent transactions.
- Designed and optimized responsive UI using Next.js and Tailwind CSS for cross-device performance

Tech: Next.js, TypeScript, React.js, Tailwind CSS, Node.js, MongoDB, JWT, Stripe.

[Bike Nest](#) – E-commerce Application

[Client Side](#) | [Server Side](#)

- Engineered a responsive e-commerce platform for browsing and purchasing bikes across devices
- Implemented product filtering, cart functionality, and secure checkout workflow
- Developed an admin dashboard for product and order management with authentication
- Managed application state efficiently using Redux for scalable and predictable data flow

Tech: React.js, Redux, TypeScript, Node.js, Express.js, MongoDB, Tailwind CSS

EDUCATION :

Master's in Islamic History and Culture,
Govt. Rajendra College, Faridpur (National University)
